Jersey Numbers –

- Returning Magic players keep their numbers.
- New players to the program will be asked to submit their top three number choices
 - We work extremely hard to avoid number collisions for subsequent years. For example, a 1st year 14 cannot have the same number as a 2nd year 12 or a 2nd year 14 as there may be a current or potential collisions.
 - We try our best to get one of the three choices but have run into scenarios where more numbers may need to be supplied.

Uniforms – a fitting day will be scheduled later in the fall/early winter and ordering info will be provided at that time.

- Mandatory uniform/helmet is a separate cost and consists of:
 - Three jerseys - one each in white, purple, and black
 - Two pair of pants – one each in black or white. These MUST be 100% plain, meaning no logos, pinstripes, etc. Families can purchase these on their own because we always get ‘complaints’ on how pants fit no matter what brand we use 😊
 - Socks – at least one pair of black, purple, and white socks. Same thing as far as no logos, stripes, etc
 - Belts – one each in black, purple, and white. If you own any/all of these colors already you can use them
 - Helmet – Matte Black Schutt Air helmet
 - Uniforms will be ordered online once we have a fitting day and the store is opened. Each family will order what they need and it will be shipped directly to your house
 - Helmets will be a bulk order placed by the MN Magic and those that need to order will get more information on payment later.

Off Season Training – from approximately late November to early March we train on Tuesday and Sunday evenings at Gethsemane Lutheran School in Maplewood and Hemline University respectively

- We have pitching and hitting slots on Tuesdays
- Sunday evenings we have pitching, catching, fielding, and hitting slots
- We utilize Sign-up Genius for online sign up. These invites are sent one week ahead of time
 - We expect players to honor the slots they are signed up for – please communicate if things change

Volunteer Team Manager – duties included, but not limited to:

- Liaison between Families and Coaches
- Work with Coaches to understand what tournaments to play in and register those tournaments
 - Register team USA, USSSA, NAFA, PGF, as appropriate depending on tournament requirements
- Reserve hotel room blocks as necessary - this most likely will encompass working with various 'Stay to Play' entities
- Collect all player birth certificates and pictures and have them with you at all tournaments and games
- Set up and Manage TeamSnap for your team
 - Use TeamSnap to communicate with team
 - Manage TeamSnap calendar to keep team fully up to speed on ALL team activities
- Submit all receipts to Eric Monson (eric.monson@target.com) and you will be promptly reimbursed

Volunteer Fundraising Coordinator –

Optional fundraising opportunities exist to help offset player fees. All profits go directly to your player account, not the club or team:

- Manage the Fall and Spring Gertens and Heggie's Program Fundraisers
 - Partner with Program fundraiser (Debbie Patton) on these fundraiser dates and provide forms/instructions to your team
 - Partner with Eric Monson to manage the collected money, and get the invoice(s) submitted
- Coordinate optional, extra fundraiser opportunities identified by your team if desired
 - These opportunities are typically team fundraisers, such as bagging groceries which can be used to offset the team budget (paying for extra tournaments, team dinners, etc.)

MN Magic Spirit Wear

The MN Magic has a perpetual shop set up so you can order at any time
